Further, affiant makes oath that the essential facts constituting said offense, the sources of affiant's information, and the reasons why his/her information is believable concerning said facts are as follows:

On 2/11/14 Tipton County Sheriff's Office Personnel, Tipton County Animal Control, Dr. Aubrey Haley DVM, and Michael Parsons' Parole Officer, Danny Johnson went to 444 Hughes road in regards to an animal cruelty complaint from PETA and to conduct a compliance check to determine if Michael Parsons was in compliance with the conditions of his parole. The animals were visually examined by Dr. Haley and appeared to be in satisfactory health and have adequate shelter. Parole Officer Danny Johnson and Investigator Michael Green conducted a search of Parsons' residence. Inside the residence Investigator Green located two camouflage type backpacks. Inside the two packs were approximately 865 rounds of different caliber ammunition. Investigator Green then asked Patricia Parsons if there were any guns in the house and she stated there was a rifle in the bedroom. she then took me back to their bedroom and pointed to a closet with no door. I located a Remington 700 ADL 308 caliber (Serial # RR44565C). Patricia Parsons stated she did not initially tell me about the gun because she wanted to protect her husband. Investigators then continued my search in what Patricia called "Mike's Office". Investigators located 2 AR-15 Beta magazines, a tactical industries .22 caliber conversion kit for AR15, and a 22 caliber magazine for an AR15. Investigator Green spoke with Patricia Parsons and asked her again if there were any other weapons in the house. She stated she had a .357 pistol in the same bedroom as the rifle. She stated it belonged to her. I located a Smith and Wesson Model 686 (serial # BBD9743) loaded with 6 rounds of ammunition in a shoe box approximately two feet from the side of the bed. Michael Parsons was arrested for Convicted felon in possession of a firearm and transported to jail
